Name: Date of Birth:
Reg: SBT Sex: Male..... Color:
Sire: Dam:
Seller: Cathy Wheatley
Purchaser:
Microchip number: 958 0000
Insurance Number: Date Activated:

THE CONDITIONS OF THIS SALE ARE AS FOLLOWS:

The kitten described above is being sold as a male show/breeder and with the following consideration:

Purchaser accepts the responsibility of caring for the kitten and providing properly for its welfare. This includes:

- (a) Keeping the kitten/cat in a clean and pleasant environment
- (b) Giving the kitten/cat proper nutrition as advised.
- (c) Providing all necessary veterinary care to this kitten to maintain its good health
- (d) Providing it with love and companionship.
- (e) ****(UK HOMES ONLY)***** **Your kitten comes with 5 weeks insurance that covers the vets fees and the value of your kitten (UK homes only). It is strongly recommended you continue with the free five weeks insurance to cover any unforeseen medical problems. We cannot be responsible for vets bills. When you continue the insurance do take cover that also includes your kittens value. We recommend that you continue with Agria for the first year to ensure continuity of cover. Should you wish to change insurers, please overlap the policy by 2 weeks as new insurance does not cover for the first 2 weeks. Buyer accepts full responsibility for continuing insurance. You will note that you also get insurance through the microchip with Pet id, this does not cover any value for your kitten so please ignore this insurance be advised to continue through Agria.**
- (f) Any health or settling in concerns to be discussed solely with either the vet or the breeder. Not for public discussion.
- (g) The full balance for the kitten must be paid for by the time he reaches 3 months of age (unless otherwise agreed). Should the balance not be paid, we reserve the right to keep the deposit and re-advertise the kitten. Should you need us to keep the kitten for extra time, this can be arranged at a charge of £10 per day.
- (h) Should you have any concerns over allergies, it is recommended that you come and spend time with the cats to ensure you are not allergic. Bengals are NOT hypoallergenic, but they are less allergic than other breeds. I can also post out a blanket that kittens have slept on for you to ensure no allergies. Should you develop allergies after you have taken the kitten home, then this is no reason for refund. Buyer assumes responsibility for this.

There are no guarantees given on show achievements or reproduction capabilities of kittens/cats sold with breed/show rights. If however, a kitten/cat sold with breeding rights is unable to sire

young after 2 years of age and several attempts with proven, fertile females, the Seller will replace said kitten/cat with one of equal quality at pet price.

This male is only to be bred with females owned by the Purchaser. No co-ownership, transfer of queen's ownership, or any other means of circumventing this restriction, is allowed. No male offspring born from this cat may be sold, gifted, traded(swapped) or leased for breeding within the UK.

Deposits are non refundable, except in the case that the breeder is unable to proceed with the sale. No cash refunds will be given for any reason.

Under no circumstances will this cat or its prodigy be leased, given away, or sold to any pet shop, research laboratory or similar facility.

The full balance for the kitten must be paid for by the time he reaches 3 months of age (unless otherwise agreed). Should the balance not be paid we reserve the right to keep the deposit and re-advertise the kitten.

If for any reason you do not wish/cant continue with your breeding programme, he MUST be neutered before re-homing. He is not to be sold on for breeding. If this condition is ignored there is a £2500 penalty to be paid. No compensation will be given if a stud cat is neutered without our prior consent.

Seller is not responsible for cosmetic changes to the kitten/cats appearance that may occur as the kitten/cat matures.

Health Guarantee:

My kittens come having had vaccinations at 9 and 12 weeks of age for flu and enteritis. They have been wormed regularly, are litter trained and have 4 weeks free insurance. The kitten is guaranteed to be in good health and has been examined by our veterinary surgery at least twice prior to sale.

If the kitten/cat should die due to congenital defect (may not be apparent in early life) within the first twelve months it will be replaced with a kitten of comparable quality and value when available. A post mortem is required to verify the cause of death.

UNDESIRABLE BEHAVIOUR ISSUES (spraying, inappropriate urination, scratching of furniture etc) developing once the kitten/s has been turned over to the purchaser and conditions such as colds, virus, bacterial infections and skin rashes are not conditions for return or refund. The vendor will happily work with the purchaser to modify any behavioural issues.

Once the kitten/cat has produced live kittens, that have been sold, gifted, traded (swapped) or kept for the breeders breeding programme there will be no replacements of any kind should an unforeseen health issue arise with the said kitten/cat.

In signing this document, Purchaser acknowledges that he/she has read, fully understands, and agrees to all of the terms and conditions of the above sale.

Signed:

I WILL INSURE MY KITTEN FOR VETERINARY FEES AND ALSO HIS VALUE
